CALL FOR PAPERS

The editors of the *Ad Hoc & Sensor Wireless Networks, An International Journal* invite your contributions.

Notes for contributors can be found at our web site:

<http://www.oldcitypublishing.com/journals/ahswn-home/ahswnnotes-for-contributors/>

The journal seeks to provide an opportunity for researchers from computer science, engineering and mathematical backgrounds to disseminate and exchange knowledge in the rapidly emerging field of ad hoc and sensor wireless networks. It will comprehensively cover physical, data link, network and transport layers, as well as application, security, simulation and power management issues in sensor, local area, satellite, vehicular, personal, and mobile ad hoc networks.

The main focus of the journal is to publish original contributions, including regular papers, short papers, research notes and communications, review and survey papers. In order to provide timely dissemination of ideas whose evaluation may require significant time and impose publication delays, one of the unique features of this journal is to allow authors the publication of promising concepts and algorithms with either partial or without prior experimental evaluation.

Topics of interests include, but are not limited to:

integration with wired networks, wireless Internet • standardization efforts • database systems, operating systems • time synchronization and calibration • position determination, service and location discovery • sensor area coverage, data-centric operations • addressing and location management • data communication, routing and broadcasting protocols • traffic engineering and multimedia, Quality of Service (QoS) • resource management and scheduling • mobility management, reliability • algorithmic solutions and complexity • topology control, scalability • mobile agents for ad hoc networking • performance evaluation, modeling and simulation.

Submission of manuscripts: Please submit a PDF file directly to any one of the editors, whilst considering their areas of expertise.

SUBSCRIPTIONS

Ad Hoc & Sensor Wireless Networks, An International Journal publishes two volumes per year, four issues per volume.

Subscriptions are renewed on an annual basis.

Institutional: US\$4649 • EURO €3481 • ¥486,849 **Individual:** US\$1016 • EURO €818 • ¥114,450

ISSN 1551-9899 (print) 1552-0633 (on-line)

For more information, a sample copy, to subscribe or order back issues, contact:

Old City Publishing, 628 North 2nd Street, Philadelphia, PA 19123, USA • tel: +1 215 925 4390 • fax: +1 215 925 4371

Enquiries can also be sent by e-mail via a link on the publishers website: <http://www.oldcitypublishing.com>
