### 14TH BIENNIAL ISRS CONGRESS — RIO DE JANEIRO, BRAZIL, JUNE 9–13, 2019

We warmly invite you to participate in our 14th biennial Congress. For those concerned about security, ISRS has chosen the venue with safety in mind. The Windsor Barra conference center, a frequent choice for international congresses, is located a few miles southwest of central Rio in Barra da Tijuca. This is the location of the residence of the new Brazilian president, Jair Bolsonaro. Barra is safe and modern, the beaches are stunning and there is a range of hotels to suit everyone's budget.

#### Key dates

Abstract submission deadline: **January 31, 2019**
