ISRS CONGRESS, NEW YORK CITY, USA, MAY 12-15, 2024

Message from Marc Levivier, President of ISRS

On behalf of our Officers and Board of Directors, I am proud to welcome you all to the next ISRS Congress, hosted by our Local Organizing Committee from the prestigious Cleveland Clinic! We know this ISRS 2024 Congress will provide exceptional opportunities for participants and exhibitors from around the world to learn and share important interprofessional knowledge and advances in stereotactic radiosurgery, stereotactic body radiotherapy and other focal therapies, benefiting all patients. We look forward to you joining us in New York!

Message from the Local Organizing Committee

Our team from the Cleveland Clinic, comprised of Dr. Lily Angelov, Dr. Gene Barnett, Dr. Samuel Chao, Dr. John Suh and Mrs. Marty Tobin, is very honored to host the ISRS 2024 Congress. This congress will bring together participants from a wide variety of backgrounds, cultures, expertise and experiences to share their knowledge in an open, collegial and collaborative environment. Experts from around the world and exhibitors with exciting technologies will present innovations in stereotactic body radiation therapy, stereotactic radiosurgery, and other focal therapies that continue to be at the forefront of the precision care we provide our patients. New York City is a truly international city, buzzing with activity and energy for our participants and vendors. This will certainly be the meeting to go to in 2024 for the most up-to-date knowledge in stereotactic radiosurgery and stereotactic body radiation therapy.

Our team welcomes you!
